

HEAT EXCHANGERS AND PRESSURE VESSELS

ITT STANDARD	Commercial and engineered (TEMA) <b>shell and tube</b> heat exchangers. <b>Plate and frame</b> heat exchangers with various material combinations, gasketed, welded and double wall designs. <b>Brazed plate</b> heat exchangers with customized designs.
HEAT EXCHANGER DESIGN, INC	Longitudinally finned <b>hairpin</b> and <b>double pipe</b> heat exchangers, <b>Shell and tube</b> heat exchangers <b>tank heaters and suction heaters</b> . TEMA B, C, and R.
INDUSTRIAL HEAT TRANSFER	Finned tube <b>heat transfer coils</b> with continuous plate fin design. Many combinations of metals and custom designs.
ENERQUIP, LLC	<b>Shell and tube</b> heat exchangers, all stainless steel for chemical and general industrial applications. Sanitary designs for pharmaceutical and food applications.
ELANCO	<b>Spiral</b> heat exchangers, standard and custom ASME VIII.
J D COUSINS, INC.	Large <b>fabricated tanks</b> and <b>shell and tube</b> heat exchangers for chemical, power and general industrial.
FABSCO	<b>Air cooled</b> forced draft finned tube heat exchangers. ASME VIII and API 661.
MUNTERS/ DES CHAMPS	<b>Air to air economizers</b> , tubular and plate style for high temperature applications. Indirect gas fired heaters.
CIRCLE-S PRODUCTS	<b>Dry-Flo moisture separators</b> , coalescers, receivers and dry types in stock and custom sizes. <b>Surge tanks</b> , small tanks and ASME VIII <b>pressure vessels</b> .

PACKAGED SYSTEMS AND COMBUSTION EQUIPMENT

GAUMER COMPANY	Electric heaters, custom and stock. <b>Immersion, circulation, duct, strip and band</b> heaters and systems with optional controls.
KERR PUMP & SUPPLY	<b>Custom designed</b> skid mounted <b>packaged systems</b> with controls, filters, tanks, pumps, heat exchangers, etc.
ITT NEO-DYN & ITT CONOFLOW	<b>Regulators, transducers, actuators, positioners, temperature switches and pressure switches.</b>

CHILLERS

PARKER HANNIFIN-DH	<b>Industrial chillers</b> , air and water cooled in complete packaged systems. Standard and custom designs. Compact central <b>evaporative chillers</b> and <b>cooling towers</b> .
