**HEAT EXCHANGERS AND PRESSURE VESSELS**

<b>STANDARD XCHANGE (formerly ITT STANDARD)</b>	Commercial and engineered (TEMA) <b>shell and tube</b> heat exchangers. <b>Plate and frame</b> heat exchangers with various material combinations, gasketed, welded and double wall designs. <b>Brazed plate</b> heat exchangers with standard and customized designs.
<b>MUNTERS/ DES CHAMPS</b>	<b>Air to air economizers</b> , tubular and plate style for high temperature applications.
<b>HEAT EXCHANGER DESIGN, INC</b>	Longitudinally finned <b>hairpin</b> and <b>double pipe</b> heat exchangers, large <b>shell and tube</b> heat exchangers, <b>tank heaters and suction heaters</b> . TEMA B, C, and R.
<b>INDUSTRIAL HEAT TRANSFER, INC</b>	Finned tube <b>heat transfer coils</b> with continuous plate fin design. Many combinations of metals and custom designs.
<b>ENERQUIP, LLC</b>	<b>Shell and tube</b> heat exchangers, all stainless steel sanitary designs for pharmaceutical and food applications.
<b>ELANCO</b>	<b>Spiral</b> heat exchangers, welded plate and shell, ASME VIII.
<b>XLG THERMAL</b>	Sanitary and Industrial <b>shell and tube heat exchangers</b> with corrugated tubes.
<b>FABSCO</b>	<b>Air cooled</b> forced draft finned tube heat exchangers. ASME VIII and API 661.
<b>PICK HEATERS</b>	<b>Direct steam injection</b> heating systems

**PACKAGED SYSTEMS & COMPONENTS**

<b>CIRCLE-S PRODUCTS</b>	<b>Dry-Flo moisture separators</b> , coalescers, receivers and dry types in stock and custom sizes. <b>Surge tanks</b> , small tanks and ASME VIII <b>pressure vessels</b> .
<b>SPIRAX SARCO, INC.</b>	<b>Steam</b> control and condensate recovery systems, <b>steam traps, control valves, regulators</b> .
<b>ADVANTAGE ENGINEERING/ TEMPTEK</b>	<b>Industrial chillers</b> , air and water cooled in complete packaged systems. Standard and custom designs. <b>Cooling Towers, Temperature Control Units, Pump/Reservoirs Systems</b> .
<b>KERR PUMP &amp; SUPPLY</b>	<b>Custom designed</b> skid mounted <b>packaged systems</b> with controls, filters, tanks, pumps, heat exchangers, etc.
<b>ITT NEO-DYN &amp; ITT CONOFLOW</b>	<b>Regulators, transducers, actuators, positioners, temperature switches and pressure switches</b> .
<b>WATTCO</b>	<b>Electric heaters</b> , custom and stock. <b>Immersion, circulation, duct, strip and band heaters</b> . Packaged systems with optional controls.
